Office of the Director
of Central Intelligence

6 May 1974

TO: Angus Thuermer

Angus,

25X1 I may have dropped a stitch -- something more likely to be awkward for the Vassar girl than (as is apparently the case here) the Vassar man, a concept I find hard to swallow. In any event, has anyone answered [redacted] I doubt if we could do much to help him, since he is asking for the kind of comment that the Agency (when using its head) never provides. He is, however, owed some form of courteous response and -- if he has not been answered before now -- an apology for our (my) delay.
